places. Here is a sentence from a news article recently published in a Dayton paper. It is quoted not because it is unusual, but because it is of common McRae Telegraphic News Service occurrence in the newspapers all over the United States, the names the Congressman being changed

By Mail, per Year\$4.00 these days sending out to the war veterans the official notifications that tre pouring in daily from the Pension Department, announcing the granting February 6, 1907, and now known as Weather for Ohio-Showers this afthe "age law."

As a matter of fact, the Congresstral part on Wednesday, partly cloudy. men have nothing whatever to do with the granting of these pensions. If a veteran has reached a certain age. and has filed his claim for an "age pension," the Pension Bureau passes upon the claim. If it is allowed, a letter is written to the soldier, notifying him that his claim has been allowed. But in order to give the Conover by a chug chug than a toot gressmen a chance to play politics. the notification is enclosed in an envelope and sent to the Congressman. Mayor Schmitz says he can prove along with another government envelope addressed to the soldler.

Upon receipt of the notice, the Congressman usually encloses a little notice to the soldler that he has secured might, with propriety him a pension or an increase of penform an alliance with Spain. Ad- sion, as the case may be, and a few kindly words are added. Naturally, upon receipt of such a letter, enclosing notice of the granting of the pension, the old soldier feels very kindly toward the Congressman. Many old terday, but no one seemed to hear soldiers actually believe the Congressman has something to do with the allowance of the claim.

This round-about way of notifying a soldler of the allowance of his claim costs money, but the government cares already people are going insane and nothing about that. It may help a ongressman. That is quite a sufscient justification for the expenditure Vice President Fairbanks assisted of money-other people's money. It rescuing a girl from drowning, gives the Congressman a chance to Were it not for his height he make it appear that he has done some thing for an old soldier and holds the old soldier in line for the next elec-

Elementary Schools-By Their An swers to These Questions Those Who Desire to Teach Show Whether They Are Grounded in the Rudiments of Education.

Following is the list of questions as prepared under direction of the state commissioner of public schools, and submitted at the county examination for teachers July 6 for elementary school certificates;

GRAMMAR.

We should justly ridicule a general, who, just before an action should suddenly disarm his men, and putting into the hands of all of them a Bible, should order them, thus equipped, to march against the coemy. Here we plainly see the folly of calling in the Bible to support the sword.; but is it not as great a folly to call in the sword to support the Bible? Our Savior divided force from reason, and let no man presume to join what God hath put asunder. When we combat error with any other weapor than argument, we err more than those whom we attack. Colton. The first eight questions are based

upon the selection quoted above. 1. Point out all subordinate clauses naming only subject and predicate) and classify them (as adjective, objective or

adverbial). 2. Give the syntax of four infinitives. 3. Explain all participial uses. 4. Select ten adverbs and tell to what class each belongs.

5. Give the mood and tense of each of the south of France report that the following words: should ridicule the situation there is again grow- (1), should disarm (3), let (12), prosume (13), hath put (14). 6. Classify each sentence according to

7. Select one appositive; one verb in

8. Parse in full, equipped (6), in (8), than (16). 9. "Who gave you this candy?" asked feeture at Narhoupe. have rein-flamed the people. have rein-flamed the people. the boy who had just come up, helping himself to as many pieces as his mouth

The mayors and other municipal would accommodate. Classify all of the 10. Classify phrases with respect to

use and illustrate each class.

THEORY AND PRACTICE.

1. Explain the maxim, "The primary principle of education is self activity. 2. Discuss the relative values of pun ishment and of reward as school-room

3. How does a device differ from a method? Name some devices used in teaching geography.

4. Mention, in their respective order, five topics of hygiene that you would teach to pupils in the lower grades. 5. State the principle that should govern the infliction of punishment.

6. Give the characteristics of educa

8. What are the officers of a school district in Ohio? What are their duties? 9. What should be the temperature of your school-room? Where no special apparatus is installed, what methods, in winter, would you employ to keep your school-room properly ventilated?

10. Name the founder and state the purpose of the kindergarten.

UNITED STATES HISTORY AND CIVIL GOVERNMENT.

1. Which was the last English colony founded in America? Give the found-er's name, date of founding and purpose

of the colony.

2. Give the homes of the following Indian tribes: Cherokees, Pequots, Mehawks. What were usually the relationships the color of the tions between the Jesuits and the 3. Name five acts of the British gov-

ernment that hastened the rebellion of the colonies. 4. Give an account of the engage-

ments at Saratoga. Who was commander of the colonial troops? Who were the real heroes of the battle?

5. Summarize the difficulties Washington encountered in undertaking the 6. What was the purpose and effect of the Embargo Act of 1807?

7. Give the names of several prominent champions of the cause of slavery, and the arguments they advanced to justify secession. 7. Name some causes of the financial

panic of 1873. 9. How are presidential electors chosen? What determines the number of electors to which a state is entitled? 10. How many amendments have been made to the Constitution since the Civil War? What has been their general purpose?

WRITING.

For this branch examiners will grade the manuscript in orthography.

ORTHOGRAPHY.

1. Discuss the relative advantages of oral and written lessons as tests of a pupil's ability to spell.

2. Indicate the correct pronunciation (accent, division into syllables, and dia-

eritics) of the following words: recess planist, idea, combative, scallop. 3. Define five of the following: anti-3. Define five of the following: antipodes, terrestrial, anecdote, trophy, salutary, whey, indigenous, wraith. 4. Write a homonym of each of the following: flocks, flow, symbol, surge, sucker. Write a synonym of each of the following: wretch, appease, dense, idolize, death. 5. Write the abbreviation of the following found in the dictionaries: colloomialism. Anglo-Saxon, obsolete, synonym,

quialism, Anglo-Saxon, obsolete, synonym, diminutive, poetical.

6. Spell correctly the following words to be pronounced by the examiner: alcohol, reunion, granary. Thackeray, miracle, wizard, edible, plantain, sau-sage, thievery, domineering, insolence, copious, rancor, sleuth, measles, eestasy, Examination Tests for Teachers in Valparaiso, tussle, rhubarb, satchel.

PHYSIOLOGY.

the digestion.

2. Describe the arterial circulation. 3. How is the blood supply going to the various organs regulated? 4. Name some foods rich in starch; gluten; albumen. Where is each price.

digested? 5. What are the effects of alcohol upon the special senses?
6. Discuss the skin as an excretory system, and show how its structure i adapted to this function.

How does the spine articulate with the skull? 8. Of what value to the eye are th optic nerves; the aqueous and vitreous umors?

Name three common poisons and their antidotes. 10. Describe the structure and state the function of the cerebrum,

LITERATURE.

1. Tell which of the following poets you admire most as a man, which as a nitur cover each others heads in poet, and why: Lowell, Poe, Words, worth, Byron, Bryant.

(Monday night, when Marsahl At-

2. Quote at least five consecutive lines from any two of the following: Milton, Emerson, Whittier, Burns, Goldsmith, Holmes, Tennyson.

3. Tell upon what the literary value of a work of history depends and name some works on history that stand high

as literature. ature know something of "rare Ben Johnson!" Tell something of his per-

onal characteristics. 5. Name three Americans and two Englishmen who have been both statesmen and litterateurs,

6. Define each of the following and

name a production which exemplifies it: drame, lyric poetry, realistic fiction,
7. State whom you consider the greatst American novelist; whom you consider the greatest living American novel-ist. Defend your position in each case. 8. Tell what you can of literature in America before the Revolution.

9. Who are our foremost nature writers today? Indicate some of their material that is adapted to school use. 10. Locate five of the following characters: Portia, Sam Weller, Simon Legree, Tom Sawyer, Ramona, Arthur Dimmesdale, Uncas.

Examinera will conduct an oral examination in reading. -74

READING.

GEOGRAPHY.

1. What is the starting point for measuring longitude? In what time do the sun's vertical rays pass over one degree of longitude? 2. Why is the climate of Montana colder than that of the State of Wash-

3. What towns are located at the pro-posed extremities of the Panama Canal? Of what advantage will this canal be to commerce?

4. How many and what drainage basins has Ohio?
5. Name ten of the world's navigable rivers (not in America) and compare the commerce of one of them with that of the Mississippi River.

6. Trace the route of a United States warship from St. Petersburg, Russia, to the United States Navy Yard at Norfolk. 7. Compare the method of English government in Canada with that of

English government in India.

8. State facts of geographical interest concerning Singapore, Havre, Bremen, El Paso and Oporto.
9. Compare the western highlands of the United States with the eastern high-

lands. 10. Name and locate a city famous for the manufacture of each of the following: paper, lace, toys, shoes and silk.

ARITHMETIC.

1. If I have room in my stable for a grain bin 8 ft. by 4 ft., how deep must I make it to hold 72 bu.? What sum of money at 6% simple interest will produce in one year and six months the same interest that \$2700 will produce at 4% in two years and eight months? Solve by proportion.

3. Simplify: 10+2/225 .0065 x -

39/10 4. A suspension bridge has four cables, each 1872 ft. long and 1 ft. 2 in. in diameter. The contract for painting their entire surface was let for \$350 What was the price per square yard?
5. How much lumber will be required

for the bin mentioned in problem one, 1" boards being used, and the bin made without a top? What will be the cost at \$28 per M? 6. A girl had \$250 invested for her, at 6%, on her birthday. When she became 21, it amounted, with interest, to How old was she when it was

invested? 7. I bought 19 shares of 7% manufac-turing stock, at 128%. On the same day I received a semi-annual dividend, and then sold for 126. No brokerage. What was my loss or gain?
8. Three commercial men having head-

quarters at Cleveland cover a circuit o

towns in 10, 15 and 25 days respectively; if they leave at the same time, how many circuits will each have made when

they all next meet at headquarters?

that's the way the big price tag reads on this fine couch. It is covered in Boston Leather, The imitation leather that looks and wears like genuine 1. Name all the organs concerned in leather. The springs are the best steel construction. It's a great bargain at this
